Good morning, hope all bus rides were on time this am. So, heard from FL, this is the latest MOA they are sharing. I tried to change to word, but working from home I don't have access to full Adobe suite so can't. Will work to do that but we can also work from this. I think sharing this with AZ and prior to our call with AZ, identifying areas we think will take a bit of discussion (modification for AZ's purposes), as well as identification of areas to add or delete is a great start. We may even be able to buy some time on the front end by doing this that we may need on the back end for meatier discussions.

- Hope this helps.

Hi Kathy,

This is the latest one I have.

Thanks!
